Dar es Salaam  
United Republic of Tanzania

20 June 2016

Dear Mr Karimjee

I am writing to thank you for your generous donation of \$105,000 to support the Karimjee Conservation Scholarships for 2016/17. I can confirm that we have now received this first gift as part of your initial five year pledge of support for this scholarship programme.

Your extraordinary generosity in funding these awards for the new double Masters programme in Conservation Management of African Ecosystems is greatly appreciated by the University and will have a real impact on those students wishing to advance their knowledge and ability in this field.

By working in partnership with the Nelson Mandela African Institution of Science and Technology we can offer students a unique double Masters qualification which will recognise the value of education from two leading institutions in this field. This is an incredible opportunity and the scholarships will enable us to attract the very best students to benefit from this.

We would like to commemorate your gifts with an inscription as a way of acknowledging your support. Your chosen dedication will appear in our publications, such as Giving to Glasgow, and on our Online Benefactor Wall, which is a web-based version of the traditional donor wall. As your donations will also contribute to our major Glasgow World Changing Campaign your support will be further recognised in a unique and special way within the Gilmorehill Campus. May I suggest the following wording for your inscription listing you as a 'Lead' level donor:

**The Karimjee Jivanjee Foundation**

Please do let me know if you would prefer any alternative wording for your dedication and I would be happy to amend this.
