KARIMJEE JIVANJEE FOUNDATION & YOUNG SCIENTISTS TANZANIA 2020

September 2020

Despite the challenges of the COVID-19 pandemic, Karimjee Jivanjee Foundation continued its support to the 10th Young Scientist Tanzania (YST) program 2020 as the main co-sponsors.

In 2020, YST delivered the Outreach Programme and Exhibition through a digital platform whereby:

- 246 students (age range 14-23) participated from 92 schools in 28 regions (45% Female & 55% Male - Participation)
- 123 projects ideas shortlisted out of 604
- 176 teachers trained during the Science Outreach Program
- 28 various Awards were given out (57% Female & 43% Male - Winners)

YST delivered a live broadcast Award Ceremony on the 1st August through national TV (TBC 1) and social media; YouTube and Facebook live.

KJF awarded scholarships to the overall YST student winners and the Special Education category:

Winners:

Glory Kiroche Joseph (18 years) and Martha Samwel Machumu (20 years) from Nganza Girls Secondary School in Mwanza for their project "Investigation and analysis of hydroponic fodder as the best solution for animal feeding and health".

Special Education:

Lameck Silas Obed (19 years) and Denis Cosmas Mpahaje(19 years)from Katubuka Secondary School in Kigoma for their project "What are the secrets and why do students from poor backgrounds succeed".

A **Hatim Karimjee Perpetual Trophy** in memory of the ex KJF Chairman was presented to Ivonne Emmanuel Urio(19 years) and Doris Cliff Kilonzo(19 years) from Rugambwa Secondary School in Kagera from their project 'Improving A Cars Safety - A Car Black Box'.

ENDS

ABOUT KJF

The Karimjee Jivanjee Foundation is the philanthropic arm of the Karimjee Group established in 1825. For seven generations, we have supported causes and organisations that share our values and tradition. The foundation was officially created in 2010 as an important part of our corporate social responsibility (CSR) programme. We believe in long term and sustainable action to tackle the social challenges facing the country and its communities.
